

Minnesota Society of Diagnostic Ultrasound

January 2012

News from the President

First, I would like to take this opportunity to congratulate **Melissa Dehkes** and **Brandi Peck** as the winners of the **FREE TUITION** to our Spring Seminar. A random drawing was held on Wednesday, January 25th from the list of members who renewed their membership prior to January 2nd. This was a new incentive we tried this year to encourage early membership renewal. From the response we received, it was a great success. I know that Melissa and Brandi would agree.

Second, I would like to remind all sonographers that our brochure has been online and open for registration since the end of December. The best discount is for current members that register before March 2nd, 2012, the Early-Bird discount. So please sign-up early and forward this information to any sonographer that you know to provide them with an opportunity to receive this discount also. **Spread the word!!**

Please take a moment to look at the Seminar Faculty list and lecture topics. The three tracks (General, Cardiac and Vascular) run concurrently so I'm sure you will find a topic that will interest you. Plus, this year we were able to negotiate a lower hotel rate for our attendees, so plan on staying for the Band after our Wine and Cheese event on Saturday evening.

WIN THE

Our Hands-on Scan Sessions will kick off the conference on Friday evening from 7 to 9 pm. It's a great way to get motivated for this weekend of learning. Please check out the brochure and review the sessions that are available.

I look forward to seeing you all there!!
